The Department of Behavioral Health and Developmental Services (DBHDS) made this guide to help families understand resources, supports, and services that the Commonwealth of Virginia offers to people with developmental disabilities.

It includes the following information:

- how to access Virginia's Medicaid Waivers for Developmental Disabilities,
- links to our one-stop information website, My Life, My Community,
- a summary of the Individual and Family Support Program (IFSP), and
- a list of resources for people who are on Virginia's Developmental Disability waiver waiting list.

## What is IFSP?

**NOTE:** Some families may know of or receive services through an Individualized Family Service Plan through the Infant and Toddler Connection of Virginia. ***This is not the same as the Individual and Family Support Program at DBHDS!***

The Individual and Family Support Program (IFSP) helps individuals and families by providing:

- **Financial assistance:** Visit [our webpage](#) to learn more about eligibility and how to apply.
- **Education, information, and referrals:** Visit [My Life, My Community](#), our one-stop online tool, to find what you need.
- **Family Mentoring:** Want guidance or support from someone who has been there? The Family to Family Network at [the Center for Family Involvement](#) can help!
- **Peer Mentoring:** Connect with peers with disabilities through The Arc of Virginia's [Peer Mentoring Program!](#)
- **Community coordination:** Ready to give back to your community and have your voice heard? Consider joining your [IFSP Regional Council](#).

To get updates from IFSP, please sign up for our email list at [tinyurl.com/IFSP-list](http://tinyurl.com/IFSP-list). This is the best way to get the most up-to-date information from us.

To speak with a live operator, you can call My Life, My Community at **844-603-9248** (Monday through Friday, from 9 a.m. to 4 p.m.). # Virginia Developmental Disability "DD" Waivers

This is a brief overview of Virginia's Developmental Disability Waivers (DD Waivers). You can find more detailed information in the [Navigating the DD Waivers Guide](#). You can also click on the links provided in this page, or use your mobile device to scan the QR code on Page 1.

**What is a developmental disability?** A "developmental disability" is usually a lifelong disability that can affect a person's day-to-day physical function, learning, language, or behavior. Developmental disabilities can often — but not always — begin in early childhood.

**What is a DD Waiver?** DD waivers help people with developmental disabilities, including an intellectual disability, live at home and in their communities. Virginia has [3 types of DD waivers](#). Each type provides access to a different level of supports and services for employment, independent living, and other needs.

**Who can receive DD supports in Virginia?** In Virginia, the service system helps people with developmental disabilities and their families from birth through adulthood.

**What DD services are available?** The services and supports you can receive within the service system are based on individual needs. (For more information, you can review Section 7 of the [Navigating the DD Waivers Guide](#).)

The service system includes the following:

- service providers,
- advocacy organizations,
- public agencies, and
- nonprofit partners.

*To read how Virginia defines "developmental disabilities," [visit this link](#) or use your mobile device to scan this QR code.*

**Where do I start?** Contact your local [Community Services Board or Behavioral Health Authority](#) (CSB/BHA) to start the process. Local CSB/BHAs are entry points to DD waiver services in your region.

**What are Community Services Boards/Behavioral Health Authorities?** Local CSB/BHAs provide community assistance for people who:

- are in crisis,
- have behavioral health needs, and/or
- have developmental disabilities.

To find your local CSB/BHA, visit [My Life, My Community](#). Type in your city, county, or zip code. Then type "CSB or BHA" in the topic box. You can also visit the [Virginia Community Services Board Directory](#).

To learn more about state assistance for people of all ages with DD, please see the [Waiver Information section](#) on My Life, My Community.

# Support Coordination/ Case Management (SC/CM)

---

**What is support coordination?** Support coordination is when a support coordinator (SC) helps you find the supports and services you need. Support coordination is also called "case management" (CM). SCs are the point of contact for DD waivers and the waiver waiting list.

**How can I get support coordination?** Contact [your local CSB/BHA](#) to ask about support coordination. Your CSB/BHA staff will guide you through the process of [determining eligibility](#) for support coordination.

The process starts with an assessment. The assessment verifies that you have a developmental disability. It also identifies the services and supports that you need. During the assessment, your SC will ask you questions from an assessment tool called the Virginia Intellectual and Developmental Disability Eligibility Survey (VIDES). The information from the assessment lets your SC know if DD waivers are right for you. Based on your responses, your SC can work with you to develop an individualized plan.

**How do I get help for my infant or toddler (under the age of 3)?** Early Intervention Services (EI) helps families with children who are:

- under the age of 3,
- not developing as expected, and
- have a medical condition that can delay normal development.

EI services also help parents and caregivers support their children with everyday activities. Services are available for all eligible children and their families. This is true whether you can pay for the services or not. To learn more about EI services, contact the [Infant and Toddler Connection of Virginia](#).

**How do I get help for a child older than 3?** If your child is older than 3, you should contact your local school system.

Your local school system offers services to help your child succeed in school through Special Education services. To connect with the special education program at your local school system, visit the Virginia Department of Education's [Virginia School Directories](#).

**Where else can I go for help?** Community-based supports may also be available. To learn more about state programs and supports in your local community, visit IFSP's ["Resources for Families" webpage](#) or contact [your local CSB/BHA](#).

To find out about supports for children with special health care needs, visit the [Virginia Department of Health Care Connection for Children](#) and [Early and Periodic Screening, Diagnostic and Treatment \(EPSDT\)](#).
