4th Quarter 26 - Overview

- VIDES process: 9 families/legal guardians received a phone contact to discuss more integrated options. The Community Transition Guide was emailed to 9 families/legal guardians. (Indicator 18.10)
- Community Transition Guides were mailed/emailed to families during January and June 2024. Guides are also provided upon request. The next round of guides will be mailed/emailed in January 2025. (Indicator 18.13)
- There were 1 children in the ten and under category discharged this quarter. (Indicator 18.15)
- 28 families/legal guardians of children 10 and under were contacted this quarter. Messages were left for 6 families/legal guardians. (Indicator 18.15)

-
- 9 annual contacts were completed to develop/update the Family Outreach Plan for St. Mary's Home. 5 messages were left. Additionally, 4 families were contacted and 5 message was left for Holiday House. (Indicator 18.16, 18.17, & 18.18)
 - 19 Admission Awareness Letters were provided to Community Services Boards. (Indicator 18.22)
 - 0 referrals were completed for the VCU Family to Family Network this quarter. (Indicator 18.19)
 - Adults – 15 referrals received.

DOJ Core Indicators:

DBHDS continues to screen children through a VIDES assessment prior to admission to an ICF/IID. During the screening, DBHDS collects information from the family regarding the reason ICF/IID placement is being sought. (18.10)

DBHDS tracks individuals under 22 who have received a PASRR screening for nursing facility entry or a VIDES assessment for ICF/IID entry and have been admitted. Children in ICFs receive annual Level of Care reviews and children in nursing facilities receive required resident reviews every 180 days at a minimum. (18.12)

DBHDS provides a Community Transition Guide to families of children in nursing facilities and ICFs/IID. For those seeking ICF/IID placement, the Guide is provided when a request for a VIDES assessment is made and every 6 months thereafter. The Guide is designed to provide practical information to children and their families who are preparing to make decisions related to the type of care that best suits their support needs or are preparing to transition from nursing facilities and ICFs/IID to homes in the community. The Guide assists families in preparing to move to a new home through an explanation of resources and services such as DD Waivers, CSBs, and the DBHDS Community Transition Team that can assist the family with the transition process. (18.13)

DBHDS includes children aged 10 years and under as a priority group for discharge from ICF/IID settings per the ICF Community Transition Protocol, including prioritizing waiver slots to facilitate their discharge. (18.15)

DBHDS implements a Family Outreach Plan that provides an avenue of communication with families/guardians/ARs of individuals with DD under 22 years of age receiving long term care services in nursing facilities and ICF/IIDs. Contact with parents/guardians/ARs is initially made by mail with follow-up phone calls. All families are provided with the Community Transition Guide as described in indicator #10 above. (18.16)

Families/Guardians/ARs interested and open to discussion of available community services are contacted not less than semi-annually. All families receive an annual contact unless there is a request for no contact. (18.17)

Contact through the Family Outreach Plan will also involve individualized information in a manner that accommodates their cognitive disabilities, addresses past experiences of living in community settings and concerns and preferences about community settings, and includes facilitating visits and direct experiences with the most integrated community settings that can meet the individual's identified needs and preferences. (18.18)

DBHDS facilitates with families a contact by a family-to-family peer support facilitator who shall contact families of children on at least a semi-annual basis for children aged 10 years and under, and on an annual basis for children aged 11 to 21 years, unless the family refuses contact. (18.19)

Definitions:

Admission- admission occurs when the requesting facility completes their screening and review process and the individual moves into the facility.

Diversion- diversion occurs when the Substitute Decision Maker (SDM) and /or Legal Guardian (LG) agrees to explore and consequently selects more integrative options in the community.

Denial- denial occurs when the requesting facility completes the screening/review process and it is determined that the facility is unable to adequately meet the individual's needs.

Pending- pending status occurs when the SDM or LG declines to explore more integrated options and the facility is completing the screening/review process.
