Subject: SOP for Confirmation of Essential Supports Prior to Moving

I. Purpose

The Community Integration Project Team will ensure that essential supports identified by an individual's Personal Support Team are in place at the community home prior to the individual's discharge from a training center.

II. Definitions

- a. **Individual:** This means a person who is receiving supports in a training center.
- b. **Essential Supports (ES):** A comprehensive list developed by the Individual's Personal Support Team of the needed supports, protections, and services that will ensure their successful transition and an optimal community placement.
- c. **Community Integration Manager (CIM):** This means the central office position, physically located at the training center, that is responsible for coordinating the implementation of policies, procedures, regulations and other initiatives related to ensuring individuals residing in training centers are served in the most integrated setting appropriate to their needs and desires. This position provides support and direction for all aspects of the individual's transition to the community, including addressing identified barriers to discharge.
- d. **Community Services Board (CSB):** This means the public body established pursuant to §37.2-501 or §37.2-602 of the Code of Virginia that serves the area in which an adult or in which a minor's parent or guardian resides, and that provides support coordination and discharge planning support to an individual living in a training center.
- e. **Personal Support Team (PST):** This means a team, formally known as an interdisciplinary team (IDT), of professionals, paraprofessionals, and non-professionals who possess the knowledge, skills, and expertise necessary to accurately identify a specific individual's comprehensive array of needs and design a program that is responsive to those needs. At a minimum, the PST includes the individual, AR/LG, CSB support coordinator, and other invited members of the individual's interdisciplinary team or those involved in the individual's life.
- f. **Provider:** This means a public or private entity which delivers one or more of the following community-based services and supports to individuals with intellectual disability: residential, day, employment, skilled nursing, and personal assistance.
- g. **Provider Information Request (PIR):** A request submitted to the Office of Licensing and Office of Human Rights for information regarding a selected or potential provider's ability to support the individual's identified Essential Supports.

- h. **Post Move Monitor (PMM):** A Training Center or Central Office employee whose job functions include monitoring and assisting individuals as they transition from the Training Center to community living to ensure that the ongoing needs of the individual are being met in the new placement and that essential and non-essential supports agreed upon in the discharge plan are being provided. This includes monitoring the individual's adjustment to his or her new home; recommending additional support services to the individual, SDM/LG, Provider, or CSB; providing necessary recommendations to the community Provider to resolve identified concerns; and documenting steps on the post- move monitoring action plan.
